## DUAL MEETINGS DISCUSS HARDING PEACE PLAN Call For Joint Conference Issued By Lewis

OPERATORS IN MANY STATES INDICATE  
UNWILLINGNESS TO ATTEND MEETING  
BY WHICH LEWIS HOPES TO END STRIKE

Mine Chiefs of Central Field Asked to  
Confer With the Union Leaders of  
the Same Territory

(International News Service)

PITTSBURG, Aug. 1.—The Pittsburgh Coal Operators Association, dominant factor in the Western bituminous field, this afternoon telegraphed John L. Lewis, president of the United Mine Workers, a refusal to attend a conference in Cleveland on August 7.

(By International News Service.)  
PHILADELPHIA, August 1.—A call to a conference between miners and operators of the central competitive coal field, to be held in Cleveland August 7, was issued this morning by John L. Lewis, president of the United Mine Workers of America, just as a meeting between mayors of anthracite zone cities and S. D. Warriner, head of the hard coal operators committee, was about to open.

Lewis' telegram is as follows:  
"In behalf of the United Mine Workers I am herewith inviting the coal operators of the central competitive field to meet in joint, interstate conference at the Hollender hotel, Cleveland, O., at 10 o'clock, Monday, August 7, 1922, for the purpose of negotiating a basic wage agreement, designed to terminate the present suspension in the mine industry.  
"I express the sincere hope that interests represented by you will find it possible to participate in the joint negotiation."  
(Signed) John L. Lewis, president United Mine Workers of America."

### OPERATORS LAY PLAN

(By International News Service.)  
CLEVELAND, August 1.—Members of the Pittsburgh vein operators Association, the largest organization of operators in Ohio, are in session here today, laying plans for the joint meeting of operators and coal miners, which will assemble at the call of John L. Lewis, president of the United Mine Workers of America here next Monday.

Confidence that an early agreement would be reached was voiced by the I. N. S. by Michael Gallagher, president of the Association, who added that practically all fields in the central competitive field, comprising Western Pennsylvania, Ohio, Indiana and Illinois, would be represented.

### INDIANA FIRM

(By International News Service.)  
INDIANAPOLIS, Ind., Aug. 1.—"Indiana operators will not attend," declared Morton L. Gould, president of the Indiana Bituminous Operators Association, when told today by International News Service of the invitation issued by John L. Lewis, for a joint conference of coal operators and miners in the Central competitive field.

Mr. Gould said that his "guess" was that not a single Indiana operator would attend the Cleveland meeting.

### INVITATIONS SIMILAR

(By International News Service.)  
PITTSBURG, Aug. 1.—"These invitations are just like the other invitations Lewis has been putting out for the last two or three months," said R. M. Gardiner, commissioner of the Pittsburgh Coal Producers' association today, when he received his first information through International News Service that President John L. Lewis, of the United Mine Workers, had called a conference for Cleveland.

Gardiner said he had not received Lewis' invitation and when it arrived he would put it up to the members of the association.

"If you are conversant with our position in the past (stand pat), you can make a good guess as to our position in the future," Gardiner said. He refused to say whether members of the Pittsburgh Coal Producers

association, which dominates operation in the Western Pennsylvania field, would be represented at the Cleveland conference.

### MILLER DOUBTFUL

(By International News Service.)  
HILLSBORO, Ill., Aug. 1.—"I think it very doubtful that Illinois operators will attend the meeting called by Lewis," Rice Miller, president of the Illinois Coal Operators association, said today of the invitation extended by John L. Lewis to coal operators, to meet him in a move to end the strike.

Upon receipt of the invitation Miller declared he would call an operators meeting in Chicago to act upon it, but he was certain the operators would refuse to attend the conference.

NEW ORLEANS, Aug. 1.—Cotton jumped \$2.50 a bale immediately after reading of the government condition report.

## Beloved Foreman Is Laid To Rest

Following the simple beautiful service at the Westminster Presbyterian church on Monday the remains of the late C. V. Dupont were laid to rest in the local cemetery. Large numbers of friends in attendance with sorrowing hearts and bowed heads, attested the universal esteem in which the deceased was held. In profusion beautiful floral were laid upon the bier of one whose life might well be emulated by all. At the grave the Masonic order took charge when tender sincere services for the dead were had. Active pallbearers were: Ike Scheer, D. C. Vohlers, W. A. Perie, C. A. Hitch, T. W. Hodson, F. M. Schiller; honorary pallbearers: H. M. Graber, J. H. Alexander, George Hartung, Henry Hartung, A. D. Jervis and L. B. Wyatt.

## Water Company Defendant In Damage Suit By the State

TEN PERSONS ARE  
KILLED, 25 INJURED  
WHEN TRAINS MEET

(International News Service.)  
CINCINNATI, O., Aug. 1.—Ten persons were killed and 25 injured, more or less seriously, at 11 o'clock this morning when two Cincinnati, Lebanon and Northern passenger trains crashed together head-on at the Lester road crossing, in Pleasant Ridge.

One of the engines was driven backward, telescoping the first coach behind it and killing everyone inside. All available fire apparatus has been rushed to the scene as well as police and hospital ambulances from all the hospitals.

Fifty private automobiles also are on the scene, assisting in the rescue work. Doctors from all parts of Cincinnati rushed to the spot. There were five passenger coaches in one train and two in the other, but only one car telescoped when the crash came. This coach crumpled up like a match box and the occupants were caught in the wreckage, tangled and almost hopeless, until rescue workers. It is thought the engineers and firemen of the two engines were killed in the collision, though information at this time regarding them was not available.

### GOLF TOURNAMENT SET

MONTGOMERY, Ala., August 1.—(Special.)—The annual golf tournament of the Alabama Golf Association will be played over the course of the Montgomery country club beginning August 23. This announcement was made today by George Stuart, president of the Association. All clubs of Alabama have been notified of the dates and invited to participate. The annual meeting of the association will be held the evening of August 23 at 8 p. m. at the country club.

WASHINGTON, Aug. 1.—This year's cotton crop is placed at 11,490,000 bales in the second forecast of the season, announced today by the department of agriculture. The report was based on an estimate of conditions July 26 of 70.8 per cent of normal.

(By International News Service.)

HOLTON, Ga., Aug. 1.—The ca-

lashes between the state health department and the Alabama Water company over the water supply in Albany and Decatur reached a climax today with the filing here of quo warranto proceedings by the state of Alabama, seeking annulment of the company's charter for doing business here and suit for damages in the sum of \$100,000 for alleged failure of the company to comply with demands of the state health board.

The suit and quo warranto proceedings were begun in circuit court, Judge O. Kyle issuing notice to the company to appear and show cause why its charter should remain unimpaired. It is customary, it is said, for these cases to be heard within ten days. The suit, however, will likely follow the ordinary channels and may not come up for disposition until late this fall.

Attorney General Hartwell Davis, of Montgomery; Tennis Tidwell, city attorney of Albany and Callahan and Harris, city attorneys of Decatur, are appearing for the state.

The case probably is the first to come under the provisions of the present health laws of the board, which will test the authority of the health statutes, it was declared. Rumors that the suit would be filed have been heard for several days here, it becoming known that such action was being planned by the attorney general's office in Montgomery. Many months ago the state health department is declared to have made representations to the water company, looking to an improvement of the water supply furnished Albany and Decatur.

The health laws are said to give the board authority to issue orders affecting such companies and to provide penalties for failure to comply with the regulations. The complaint filed here against the water company

## CHICAGO TRACTION EMPLOYEES STRIKE AND PEOPLE WALK

(By International News Service.)  
CHICAGO, August 1.—Chicago's street and elevated lines were idle today in one of the most complete transportation tie ups in the history of the city.

Approximately 20,000 trainmen went on strike at 4 o'clock this morning, bringing to a climax a situation that has been moving toward a walk-out for several weeks.

A million Chicagoans walked to work this morning or rode in trucks, private automobiles, taxi cabs, suburban trains or steam railroads.

The strike also witnessed the appearance on the streets of thousands of bicycles, long fallen into disuse. The strike is in protest against wage reductions ordered by the traction company and an effort to re-establish the nine hour day.

### COTTON MARKET

(By International News Service.)  
NEW YORK, Aug. 1.—The cotton market was featureless at the opening today with prices three points lower to one point higher. Trading was confined to evening up for the government report at noon. It was generally expected the report would show a condition ranging from 73 to 74. The weather in the South-west remained dry and hot with no sign of relief.

## CONFERENCES OF UNION LEADERS AND RAILWAY EXECUTIVES CONSIDER MOVE TO TERMINATE TRANSPORTATION TIE-UP

Full Text of Telegram to B. M. Jewell  
Made Public; Seniority Rights Protected Under Executive's Plan

(International News Service)

NEW YORK, Aug. 1.—A spokesman for the railroads announced shortly before 4 o'clock this afternoon that the Association of Railway Executives has dispatched to the white house a long and reasoned reply to the President's peace formula for ending the shopmen's strike, which refuses to accept the plan as a whole, but contains an indication of willingness to make certain minor concessions.

It was announced that the reply rejected unconditionally, and expressed a refusal to compromise on, the third paragraph of the President's proposals, which dealt with restoration of seniority to all strikers.

The reply is described as going into great technical details in discussion of articles one and two of the President's three point formula.

(By International News Service.)

CHICAGO, Aug. 1.—President Harding's plan for settlement of the rail strike became known in its official detail here today, just as the executive committee of the striking railway shopmen went into conference to determine their attitude toward the President's proposals. The plan was set forth in a telegram to B. M. Jewell, head of the striking shopmen.

In its essentials it proposed immediate return to work of the shopmen, with seniority rights unimpaired; re-hearing by the United States railway labor board of matters in controversy and agreement by the carriers and by the unions to recognize the validity of the labor board's decisions and to obey the board's rulings.

The text of the President's telegram to Jewell follows:  
"I am hereby conveying to you the terms of agreement upon which the railway managers and union shopcraft workers are to unite preliminary to calling off the existing strike."

"First—Railway managers and workers to agree to recognize the validity of all decisions of the railroad labor board and to faithfully carry out such decisions as were contemplated by the law.

"Second—The carriers will withdraw all lawsuits growing out of the strike and railroad labor board decisions, which have been involved in the strike may be taken in the exercise of recognized rights by either party to the labor board for rehearing.

"Third—All employees now on strike

to be returned to work and to their former positions with seniority and other rights unimpaired. The representatives of the carriers and the representatives of the organizations especially agree that there will be no discrimination against any employee who did or did not strike.

"I think it fair to say that I have changed the second condition from the original form in which it was discussed with you and your associates. You will note that I have suggested that appeals for rehearing may be taken 'in the exercise of recognized rights by either party' to the board for rehearing. This does not change the substance, but I thought it only fair to have the statement apply to either side of the controversy alike.

"I hope you and your associates will see fit to express your approval of the terms submitted. Confirmation follows by mail."

## Tabulated Statement of Strike Conditions Is Read At Meeting

The following official statement was issued today by H. C. Hutchison, chairman of the press committee of the federated shop crafts:

The regular meeting of the rail strikers was held at the Masonic theater and it was opened with prayer by J. M. Watson. Cy. Graham sang a solo which was vigorously furnished by the Atkinson Brothers.

The report of the publicity committee included a letter from Fred G. Weyer secretary of the L. and N. system federation. This report was a tabulated statement of strike conditions at every shop center on the system. The report of Frank T. Lewis, chairman of the relief committee showed several cases of sickness including the dangerous illness of his brother in a hospital in Atlanta.

The regular routine was carried out after which J. D. Bristol, system

chairman of the International Association of Machinists and W. H. Wilson of the Boiler Makers made addresses. Mr. Bristol spoke at length and he visited most of the shops on the Louisville and Nashville system and gave detailed information as to conditions. In regard to the peace formula this speaker said "Let us be sure it is a genuine dove of peace before we accept him."

W. H. Wilson spoke briefly and vigorously cheered when he said "Laboring men were prepared to give their entire resources in the present strike."

He said just as labor sacrificed in the World war it would also sacrifice in the present conflict. The meeting closed with an earnest prayer by E. T. Don.

## Sheffield Loses To the Iuka Tea

The Iuka, Miss., and Sheffield teams staged a contest at the Y. C. A. park Monday afternoon. It was the first of a series of games which are to be played this week. It was stated that the idea of the Albany-Decatur team to buy the Iuka team and make a three cornered North Alabama semi-pro circuit composed of Decatur, Sheffield and Albany-Decatur. The ability of each team to score was emphasized, for who fifth inning was complete each had 10 runs to their credit. The maining innings netted 3 additional runs for the Iuka aggregation final result being 13-10. Numerous errors on each side accounted for large score on each side. A good crowd of fans were on hand to root. I was a bit and run game any teams game until the was sounded. The teams play today and tomorrow.

WE FAVOR ACCEPTANCE  
OF HENRY FORD'S BID  
FOR MUSCLE SHOALS.SOME OF THE PROPOSED  
TARIFF DUTIES

The tariff bill soon to be forthcoming from the Republican administration will mean protection with a vengeance. And especially is this true as to cutlery. For instance razors that would cost a dollar a dozen in Europe will have a duty of \$4.20 a dozen under the new tariff bill as it is now reported from the Senate finance committee. Pocket knives, that could be bought from foreign makers for \$3.00 a dozen will bear a duty of from \$8.00, to \$3.50 a dozen. That useful household article—scissors now being sold in this country for \$2.00 to \$3.00. Those figures are sufficient to give the most careless person as regards economic conditions, some pause, and some food for thought. It will be noted that the new rates are about five times as high in cutlery as at present, and about three times as high as the Payne-Aldrich tariff schedule.

Nothing can be plainer than that American makers of at least one product, are to have a complete monopoly as certainly such a tariff wall can never be scaled successfully by foreign manufacturers.

This will mean cheap cutlery in this country at a high price, is the common prediction being made. Whatever else we may think of the Germans, nobody believes they have ever been outdone in the matter of making edged tools as any dealer will tell. Until the people become thoroughly aroused, the evils of the Republican tariffs will continue. Many scores of Republican periodicals are attacking the schedules as proposed in the forthcoming tariff bill and it will remain to be seen whether both the enemies high tariff within and without the G. O. P. will be able to bring down the present proposed schedules.

## MARSHALL PRAISES ITALIANS

In his European letter of this week Former Vice President Thomas R. Marshall speaks from Rome, and devotes most of the space allowed him to recounting the service rendered by Italy during the world war. Mr. Marshall recounts how the world at large looks upon the war as one great whole, and as a consequence the activities of nations like Italy are often overlooked entirely. Considerable emphasis is laid on the fact that Italy broke with the old Triple alliance, and decided to join with the Allies against Germany, Austria and Turkey. In this connection Mr. Marshall says:

The Italian government might well have accepted the Germans plea of self-defense and entered the war upon the side of the central powers. It would have been as blameless as most people are when keeping alliance contracts. It was no light thing for this government to take the normal stand that Germany was the aggressor and that therefore Italy was not bound to come to her assistance under the terms of the alliance.

Mr. Marshall then proceeds with an interesting discussion of the neutrality of his church as declared by Benedict XV, and states that as Austria especially was so strong for Benedict XV, that it really took moral courage to prevent an out and out declaration on the part of Benedict in favor of Austria and the Central Powers. The stand of the Pope was referred to as especially meritorious in view of propaganda sent throughout Italy about the time war was declared, saying England, and France, were in league to destroy Benedict's power. A very interesting section of Mr. Marshall's letter is where he discusses the power of socialism in Italy and how its adherents did all they could against Italy's entrance into the great war.

After referring to some trade hinderances to Italians entering the war on the side of the Allies Mr. Marshall concludes, after saying he does not

refer to conditions in Italy for the purpose of controversy.

But I refer to all these conditions of external importance to Italy, that Americans may understand that perhaps as people who entered into the great war upon the side of the Allies had so many adverse and contending currents of thought with which to deal in making up their final decision at the Italian people.

Mr. Marshall closes with the following graceful tribute to the Italian people:

Let us give to these lovers of liberty and lovers of their church the high credit which belongs to them. They are a people whose hearts are moved by justice and whose sympathies are enlisted for the right. They were willing to give of blood and substance to the uttermost to the cause in which they believed. English speaking men should appreciate the fine spirit that moved the Italian government, and Italian people to enter the great war, and appreciating it, they should cultivate a friendship based upon just treatment and kindly sentiment.

WILL WHITE ARSENIC BE TAXED  
BY THE NEW TARIFF BILL

Senator Smith, of South Carolina professes to see in the proposal of the Republican tariff managers to tax white arsenic a thing never attempted before an action very unfavorable to the Southern cotton growers. He claims that arsenic solutions have proven very helpful in destroying the boll weevil, and that the proposed tax of two cents a pound, will come directly out of the pockets of the cotton farmers of the south. About twelve million dollars are said to have been spent by the federal government in experiments looking to the eradication of the boll weevil, and it is pointed out that to put a tariff tax on the best remedy for the weevil, yet discovered would be an economic blunder as well as an injustice to the workers on the 35,000,000 of cotton acreage. It is further charged by Senator Smith that copper interests—white arsenic is a by-product from copper production—would benefit to the extent of \$18,000,000, by the proposed new tariff, which amount of course would come directly out of the pockets of the Southern farmers.

Senator Smith has served notice that when the arsenic tax comes up in the Senate that he will make a vigorous attack on its acceptance, and promises to make some startling disclosures as to the methods employed by the friends of the new provision. Already the claims of such men as Mr. Smith for white arsenic as an effective remedy against the boll weevil have been attacked by the head of the Republican tariff managers—Mr. Fordney. In the meanwhile it will be of intense interest to notice just how valuable from actual experiments, arsenic has proven as a deadly foe to the boll weevil. In view of the imminent danger of the weevil, robbing the Southland of its supremacy as the greatest cotton producing section of the world, what ever tends to make the fight on his ravages less effective, will be opposed and resisted to the very last by the Southern people. In view of Senator Smith's previous record as a defender of justice to the Southern farmer, he may be safely trusted to do all that it is humanly possible for one Senator to do, to properly protect the agricultural interests of the South. It was Senator Smith, who was the chief supporter of Senator Comer, when that Alabamian, while in the United States Senate made his epoch making fight against the cotton gamblers who for so long have sought to regulate the cotton market. The people of the South should not stand idly by as long a threat appears against their own best interests. It should be thoroughly demonstrated as to whether or not white arsenic is of high value in destroying the boll weevil, and if the question is decided in favor of the affirmative, every honorable effort should be made to defeat the proposed of two cents a pound on arsenic.

Lots of little things which are done are in reality big things. A little thing sometimes done in a big way, makes the difference. Some little thing done each day of a worthy character, how they mount up in the sum total, and how much they amount to those who are the recipients of them. The biggest things one may do and which will be remembered by the recipients thereof, are the little acts of kindness done to children. They never forget. They are safely treasured up in the safety vault of that mind, and will linger. As age on, the memory of them grows brighter, and long after the doer of them has forgotten, at different times along the way one will be reminded of some just such act, which will bring a wealth of pleasure to them. It pays, and pays big to do something, a small act it may be, but will linger and grow in importance as these grow in the scale of manhood and womanhood.

"Prohibition is the greatest thing in America today. Drinking whiskey is a rotten habit, just like opium and cocaine. Everybody ought to help protect themselves against the sale of whiskey. Even the drunkards should help, and they would if they had plain common sense."—Thomas A. Edison.

## Hartselle News

The candidates could be observed today making the pilgrimage to Lacy Springs, the place set for the campaign of the day. Early there could be observed those who had taken advantage of the cool of the morning to make the trip. It is understood that county politics is warming up considerably as the end of the campaign looms into sight. It is understood by those who are keeping up with events, that the race for probate judge is just now eliciting the most attention, as the three cornered race is being brought to a close, and the lines of the campaign are being drawn tighter, as the issues of each candidate are being taken in an emphatic way before the people. Saturday the candidates are at Hartselle, the third largest box in the county. They bring the campaign to a close at Albany in the evening of the same day.

The first game of the series of three between Hartselle and Cullman was staged Monday afternoon, and resulted in a score of 4-1 in favor of the home team. Walker, who was defeated in his game at Cullman last week, came back strong, and never gave the wielders of the willow, from the mountain city a chance to get his enough to have a chance to win. He set 12 of them down at the home plate without ever a chance to try the circuit to the initial sack, and when the dust had cleared away it revealed that one score was all they could muster in the nine innings. But for an error on the part of Hartselle fielding the ball, the game was due to be a shut out. Walker pitched decidedly the best game since he has been with the local team, and would have won the decision in any game.

Mrs. Lillie Britnell has returned from Birmingham after several days spent with her daughter, Mrs. Yerby.

The handsome 5 room brick bungalow of Mr. and Mrs. Fred Sherrill is nearing completion.

It is reported that there will be cotton open in the fields near here by the 15th of the present month. This represents cotton that was planted in March. The crop is being hastened to maturity by the splendid weather now prevailing, and unless something not now seen prevails, there will be considerable crop made here.

Jim P. Gibson and son Henry, accompanied by Charlie Speake have returned from an automobile trip to Dothan. Mr. Gibson reports that cotton picking is becoming general in that section, and the crop is fair.

Hartselle now has a cotton exchange, where the daily report of the market is given. The exchange is located in an upstairs room on Main street.

The matter of building an annex to the Methodist church for the accommodation of the increasing numbers who attend Sunday school, is now being agitated, and it is thought the matter will take definite form in a short time. The pastor Rev. R. M. Howell is bringing the importance of this feature before the congregation in a most impressive manner.

Candidates File  
Expense Reports

MONTGOMERY, Ala., August 1.—Candidates for state, district and county offices began filing statements of contributions and expenditures with the secretary of state today in compliance with the corrupt practice act. Every candidate in the primary which will be held August 8 is required to file a statement not more than ten days nor less than five days before the primary showing what contributions have been made and what expenses have been incurred in the campaign. Failure to comply with the act will prevent the printing of a candidates name on the ticket.

Charles S. McDowell, candidate for lieutenant-governor, reported that his total expenditures up to this time have been \$1,177.50. Other candidates who filed statements follow: John McDuffie, congressman first district, \$90; W. B. Oliver, congressman sixth district, none; A. B. Foster, judge twelfth circuit, \$466.65; W. B. A. Good, state auditor, \$825; Atto V. Lee, congressman seventh district, \$1,383.65; H. H. Johnson, public service commissioner, \$695.46; M. C. Passenger Travel  
In Russia Is High

(By Associated Press.)  
MOSCOW, July 7.—(By Mail.)—Passenger travel on the principal Russian railways is again approaching a state of comfort and luxury for those who can pay the price. Through sleeping cars are now operated between Moscow and Petrograd, Moscow and Odessa, Moscow and Chita, Siberia, and other important terminals. Restaurant wagons have been put on some trains. The fares and berth charges have been increased in Soviet rubles to equal the pre-revolution gold rate. There are no restrictions on first-class travel and there generally is a waiting list for places on these luxurious cars. The great majority of Russians, however, still travel packed like sardines in dingy third-class cars or box cars, which contrast sharply with the cleanliness of the accommodations afforded those who can pay for them.

Mrs. Mertz Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Kutztown, Pa.—"I wish every woman who wants children would try Lydia E. Pinkham's Vegetable Compound. It has done so much for me. My baby is almost a year old now and is the picture of health. She walked at eleven months and is trying to use her little tongue. She can say some words real nice. I am sending you her picture. I shall be thankful as long as I live that I found such a wonderful medicine for my troubles."—Mrs. CHARLES A. MERTZ, Kutztown, Pa.

Many cases of childlessness are curable. Perhaps yours may be. Why be discouraged until you have given Lydia E. Pinkham's Vegetable Compound a faithful trial?

Spoken and written recommendations from thousands of women who have found health and happiness from its use have come to us. We only tell you what they say and what they believe.

We believe that Lydia E. Pinkham's Vegetable Compound is so well adapted to the conditions which might cause your trouble that good will come to you by its use.

Merit is the foundation of Lydia E. Pinkham's Vegetable Compound. It has behind it a record of nearly fifty years.

## Armenians Fear Massacre, Flee

(By Associated Press.)

ALEPPO, Syria, June 10.—(By Maail.)—Armenians have begun an exodus from the Aleppo and Alexandretta districts, according to reports reaching Aleppo from the surrounding country. They are fearful, it is said, of the possibility of Turkish occupation, and they know what this means from the experiences of their countrymen in Cilicia.

Rumors are current here of some understanding between Paris and the Angora Turks by which France un-

der takes to cede to the Turkish Nationalists the districts of Aleppo, Alexandretta and Deir el Zor. This would account for the Armenian unrest. The reports, however, cannot be confirmed, but nevertheless the restlessness continues.

It is argued here that France might take such a step as this in order to lessen her military responsibilities in Syria. Recent disorders in these territories have been serious.

Dispatches from Paris last March said that Henri Franklin Bouillon, setting for France, had signed a new treaty with the Angora Turks which contemplated the abandonment of the

non-Moslem populations in specified Turkish territory. Mr. Bouillon, however, made haste to deny this statement in unmeasured terms.

A dispatch from Constantinople June 13 said that Colonel Mougin, unofficial French representative to the Turkish nationalist government, had reached Angora, and that his mission was to clear up certain misunderstandings consequent upon the non-execution of the Franco-Turkish agreement.

## One Hundred Vote Absentee Ballots

There are to date about 100 absentee voters who have taken advantage of the law governing the absent voter. The probate judge's office has mailed out this number of ballots to absent voters. The new batch of ballots have been received at the office of the probate judge in lieu of those returned a few days ago to the printer at Montgomery on account of an error. Another error is revealed when a check up of the ballots was made, and this time some ballots which should have gone to Tuscaloosa county came to this office.

## Board Reserves Contract Decision

The board of revenue at their session held at the courthouse Monday, failed to let the contract for the reconstruction of the pike leading West from Hartselle to the Lawrence county line. It is understood the board took the matter under consideration and will award the contract at a future time. The Goodrich company made a bid and Capt. R. A. Burleson also bid on the project. It was said that the county could perhaps do the work at a cheaper price than to let it out under contract, by using the county machinery. But, the fact was stated that Messrs Burleson and Jackson were using the county machinery on the East pike in the building of the road now under way of construction. The matter must be begun at once in order to be ready for full travel, of which there is a large amount. The board will reserve their decision in the matter for a later hearing.

## Tag Line Asks Right To Borrow

(By Associated Press.)

WASHINGTON, August 1.—The Tennessee, Alabama and Georgia road today asked the interstate commerce commission for permission to issue \$2,500,000 first mortgage bonds. The funds will be used to better the road bed, strengthen the bridges and reconstruct sections of the line. The Norfolk-Southern road was authorized to sell \$375,000 in equipment notes.

## Does Your Back Ache?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passage scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Albany man's testimony.

W. C. Wilson, carpenter, 603 Commercial St., says: "Heavy lifting put my kidneys in a weakened condition. My kidneys didn't act right and the secretions scalded in passage and were highly colored. There was a lameness through my back and I couldn't get up when I was down. When I stooped, such sharp pains took me in my back, I almost sank to my knees. There was a heavy dull ache through the small of my back, which made me restless at night and I couldn't sleep. A friend recommended Doan's Kidney Pills and I used them. Doan's cured me of all the trouble and I am well and strong now and I suffer no more from kidney complaint."

No use to fret about the hottest month in the year—August is the month of vacations—the time to get away from home for a delightful camp in the mountains, for a dip in the surf or for week-ends and late-afternoon motor drives. Wherever you go, you can be sure that at least one part of the outing will be enjoyable if you take along a can of Alameda Coffee. Alameda is just as good served cold as it is hot—made in the same way, the only difference in the preparation being that, when finished, it is poured over cracked ice instead of poured hot into the cup.

## ALAMEDA ICED COFFEE

Alameda iced coffee is winning more friends every day. The sudden chilling of hot coffee brings out the flavor in a tell-tale way, and because Alameda is the best coffee to be had anywhere at the price, Alameda iced

coffee tastes different from other brands. Alameda Coffee is on sale at all high-grade groceries, in one and three-pound tins, full weight and full quality—no coupons or premiums. Hot or cold, Alameda is always good.

As a traveling man said Monday, Athens has a new sensation every week, and even for a small town Main street is always having "something doing." The latest is a deluge of anonymous letters, ten or twelve of these missives having been received by well known persons.

Miss Richard Sneed of Birmingham has been the guest of her sister, Mrs. W. J. Hagan.

Clarence Frost, Jr., came up from Tuscaloosa to spend the week-end with his parents.

J. B. Sarver and children have returned from a visit to the former's parents at Franklin, Ky.

Gen. John H. Peebles and sons, Withers and John Henry, were visitors to Athens Wednesday.

Carlous Rees, well known cotton mill man of Payetteville, Tenn., was a visitor to Athens Tuesday.

Miss Jennie Walker, of New York, arrived Thursday to spend her vacation with Athens relatives.

Fred Wall left Tuesday night for Asheville, N. C., to spend a few days.
